McGraw-Hill Publishing Company, Inc., New York City

Volume 31

January to December, 1932

GENERAL INDEX

A

Abstracts:
Drag test of 4/9 scale fodel engine nacelles with various cowlings. Ray Windler 492
Heat dissipation from a finned cylinder at different fin-plane air-stream angles. Schey & Biermann. 492

Accidents and Accident Prevention:
Accidents—Foreign and U. S..... 138
Birds versus airplanes. I. W. Miller (L) 460
Crow into airplane *296
Safety problems in the aircraft factory. 59
Schiff trophy goes to naval reserve unit. 30

Accounting:
Accounting for air carriers. Putnam & Myers. *72
Tracking down maintenance expenses. L. H. Dwerlkotte (F)..... *257
Uniform accounting needed for maintenance 254

Advertising:
Advice to the tired business man..... 385
Air travel stickers for hotel newspapers. 99
Autogiro sky ads. *493
Brochure aids traffic sales..... 298
Cabin advertisements add to airline income 243
Joint promotion scheme for airport billboards *150
Petroleum industry and aviation. W. W. White *60
Press and aviation news. W. E. Berchtold (F) *214
32 page booklet describes airline..... 43

Aerodynamics:
Is there a limit on speed? E. P. Warner. 431
Wind tunnels *300

Aeronautical Chamber of Commerce:
Mr. Glover sounds a keynote (ed).. 386

Aeronautics:
Aircraft industry reads its future in the figures 191
Airplanes that are to fly in the stratosphere *225
Aviation platform (ed)...26, 81, 140, 185
Flying the power lines. F. V. Follett. *21
Fundamentals (ed).....26, 81, 140, 185
Keystones of policy for 1932. Mayo, Morgan, Johnson, Waite, Bellanca, DeWeese, Squier, Luscombe, Lamphier 160
Mr. Glover sounds a keynote (ed).... 386
Prophecy for 1932. E. P. Warner.... *14
Reflections on visit to Detroit (ed)... 228
Selling air transport is everybody's job (ed) 480
Something for nothing? (ed)..... 304
Story for 1931 (F) 1
Where is the executive? J. B. Taylor, Jr. *295
Ailerons, slotted. S. H. Evans..... *469
Air armament standards. E. P. Warner.. *66
Air conditioning—humidity control..... 404

Air Corps:
Equipment. C. W. Howard..... 3
Procurement of aircraft and aircraft engines. 132

Pages by Issues

January 1-52
February 53-100
March 101-154
April 155-202
May 203-246
June 247-286
July 287-322
August 323-366a
September 367-398
October 399-430
November 431-462
December 463-494

Air Mail:
Air mail lines, frequency of service and ownership 104
Economy gone wrong (ed) 272
Economy in Congress (ed)..... 448
Four cent air mail letter. A. L. Rushton (L) 428
Letter envelope for air mail. A. L. Rushton (L) 242
Mail carried by routes for 1931..... 107
Monthly reports.... 34, 85, 188, 310, 364, 389, 420, 452
New letter envelope for air mail (ed).. 229
Wares Act in its workings..... 106
Transport airplanes, then and now. E. P. Warner (F) *323
Air-marking (ed) 388
Airlines. See Transportation.

Airplanes:
American airplane specifications...47, 314
Armstrong-Whitworth Atlanta *327
B-J fighters *316
Barling bomber of 1923..... *370
Beech biplane *488
Bellanca airbus *327
Bellanca airbus interior..... *336
Bird *149
Boeing 40-A *324
Boeing new transport..... *366
Boeing planes: PW-9; P-12E, XF5B1. *293
Boeing wasp *156
Boeing YIB9 ..... *370
Brazil Aircraft Company's Lion monoplane *157
Breda 32 ..... *458
Bristol Bulldogs *472
Bristol 120..... *472
Brown Metalark sport plane..... *93
Brown monoplane *403
CO-1 ..... *250
Commercial aircraft production and deliveries 118
Consolidated Fleetster *326
Cox-Klemin *443
Crawford all metal monoplane..... *149
Curtiss A-8 attack plane..... *39
Curtiss A-3b..... *414
Curtiss A-Y4..... *442
Curtiss CS-1 of 1924..... *372
Curtiss Condor.....*327, *371
Curtiss monoplane of 1921..... *372
Curtiss O-1 Falcon and O-39..... *249
Curtiss planes: PW-8; Pulitzer racer of 1922; P-62, B-J two seater, XF9CE 291
Curtiss-Wright Duckling..... *92
Curtiss YA-8..... *414
Dayton-Wright TW-3..... *442
DH-4 ..... *248
Dornier Do K..... *318
Douglas bombardment plane *149
Douglas DT-2..... *372
Douglas T2D..... *373
Douglas low *370
Douglas Trainer *442
Douglas O-2 and 0-38..... *248
Douglas observation plane *39
Douglas YO-31..... *250
Fairchild 24..... *281
Fairchild for blind flying instruction.. *458
Fairchild with inverted Cirrus engine. *156
Farman stratosphere plane *225
F-10 ..... *325
Fokker *248, *325, *443
Fokker fighter *316
Ford cabin interior *336
Ford club plane *201
Ford Freighter *222
Ford transport plane (F) *180
Ford trimotor *325
GA-2 ..... *414
Gallaudet PW-4 ..... *290
GAX of 1922..... *414
Gee Bee..... *403
General Aviation 0-27..... *250
Great Lakes Trainer *206
Guerchais stratosphere plane *225
Hall *403
Handley-Page Hannibal *327
Hawk fighter *317
Hawker Nimrod *472
Heinkel monoplane *489
Helldiver *251
Hornet airplane *92
Israels Special *403
Italian convertible mono-biplane *317
JN *440
Junkers cabin interior *336
Junkers stratosphere plane *225
Kellett K-3..... *206
Keystone LB-1..... *371
Keystone LB-5..... *371
Keystone LB-6..... *371
Kinner folding-wing monoplane..... *241
Lepere *248
Lockheed Orion *326
Loose Special *404
MB-3 ..... *290
Malntenance standards for design (table) 25
Martin bomber of 1919..... *370
Martin & 4M..... *373
Martin XB-907..... 370
Monomail *324
Nicholas-Beazley NR-8..... *206
Nicholas-Beazley training plane..... *39
Parks trainer *395
Planes in use by dealers, distributors and flying service *127
Privateer *148
R. A. F. Bristol 118..... *38
Stearman Senior Speedmail *92
Stearman Speedmail *324
Stearman Sportster..... *457
Stinson *86, *156, *395
Stinson airliner interior *336
Stinson Junior *148

*Illustrated; (ed) Editorial; (F) Feature article; (L) Letter

Stinson's new airliner *280
Stinson tri-motors *327
Taylor Continental Cub *157
Thomas-Morse O-19C *248
TS-1 ..... *290
Torpedo plane's advantage over the naval bomber. L. C. Ramsey 179
Travel Air Speedwing *156
Vickers Vespa *488
Vought UO-1 ..... *251
Waco cabin interior *336
Waco Model A *157, *281
Wapiti *472
Wedall-Williams *403
World distribution of airplanes 139
Airplanes. See also Amphibions, Bombers, Seaplanes, Submarine planes.

Airports:
Administration (ed) 306
Airport lights *218
Airports 6
Cell to control lights *245
Cleveland port controls traffic by radio. 40
Dog show staged at an airport 319
Dycer's individual hangers successful. 40
Easton Air Transport's Atlanta repair depot *408
Emergency truck for airport use *197
Facilities and the business plane operator. Martin & Decker (L) 196
Fence that goes where it is needed... 319
Fire house on the field 319
Fixed base operations 113
Fuel apparatus for airport use 246
Hangars for shows and conventions... 197
"House organ" for flying field 150
Inn at airport operated at profit *95
Loud speakers aid management of airport *245
Maintaining aircraft in the Southwest (American Airways) (F) *444
Monthly reports 34, 486
Norwich Airport improved under relief plan 197
"Pay as you fly" plan 319
Port Columbus has new type of runway lights 40
Radio and movies promote interest in airport 245
Rating of airports (ed) 418
Service cars for airport *319
Shadow bar to help see landing surface *150
Snow removal from airports *95
Special events interest private plane owners 197
Status of airports and landing fields by states 109
Students instructed with airport model. 245
Tractor for airport *246
Transcontinental & Western Air transport Kansas City base. S. P. Johnston *378
Transport servicing for private flyers. S. P. Johnson (Thompson Aeronautical Corp. *476
Waiting room at Tulsa *150
World distribution of airports 139

Airships:
Airship development (ed) 6
Airship scandal? 141
Goodyear blimp *275
Locomotive for the Akron *78
Macon airship progressing *233
R. 100 passes out 29
Semi-rigid airship for demonstration purposes 192
Alaska needs the airplane *79
Aluminum bonnet in spark shield *159
Amateur Air Pilots Assn. and Aviation Club of Long Island progress *175

Amphibions
All-steel amphibion *38
Amphibion maintenance. Burt Benton. *65
Britain's newest sea bird *362
Circa 1913 ..... *251
Consolidated Commodore *326
Corsair *251
Keystone Loening 1929 ..... *251
Loening 1924 ..... *251
MO-1 ..... *250
Sikorsky Clipper *326
VE-9 ..... *251
Waco plane with Edo floats *366a

Autogiros:
Autogiros 2
Champion giro in promotion plan *427
German autogiro *363
Giros go wandering 146
Kellett autogiro *281
Monthly reports 390
New English models *143
Payloads, performance, and safety. H. F. Pitcairn (F) *169
Pitcairn cabin giro *457
Pitcairn lands in Yosemite canyon *454
Pitcairn sport *156
Pusher autogiro *88
Aviation—historical summary 34
Awards. Trophies and medals 193

B

Baggage compartment in belly *396
Baggage compartment in lower wing *396
Bearings, rocker arm *246
Belt, safety 397
Belt and parachute harness 322
Blue printing machine 286

Bombers:
Air armament standards. E. P. Warner *66
Bomb and torpedoes. G. L. Cabot (L) 490
Disarming at Geneva 141
Practice air raids abroad and here 455
Torpedo plane's advantage over the naval bomber. L. C. Ramsey 179
Book reviews 41, 152, 200, 284, 320, 425, 460, 490

C

Cabin ventilation improved *198
Canada. Canadian aviation in 1931 135
Chair for aircraft *322
Chair, transport, and parachute 366a
Charts, adjustable 366a

Clubs:
Aviation Country Club of Long Island and Amateur Air Pilots Assn. progress *175
Pennsylvania Aero Club 222
Private flying (ed) 305
Traffic representatives form a club 243
Cockpit door latch arrangement 390
Communications on an international airline (F) (Pan American Airways) *435

Controls:
Aileron control *24
Consider the passenger. Frank Courtney. *10
Dichman effect *384

D

Design:
Airplane designing for economical operation (S. A. E. meeting) 405
Airplanes that are to fly in the stratosphere *225
British comments on cabin comfort ... 415
Cabin ventilation improved *198
Consider the passenger. Frank Courtney *10
Design 2
Electrifying the airplane *198
Ford transport plane (F) *180
How many engines for transport design. F. T. Courtney 337
How much is lightness worth? E. P. Warner 382
Maintenance standards for design (table) 25, 76
Maintenance yardstick for the designer. R. G. Lockwood *23, *77
Mold loft and its economical application to air craft construction. A. E. Raymond (F) *264
National Air Races of 1932-design at races (F) *402
Planes of yesterday. W. B. Stout *166
S. A. E.'s design session—load factors on airplanes 219
Transport airplanes, then and now. E. P. Warner (F) *323
Truth and the test pilot. E. T. Allen. *53
Dope in small lots 397
Dope room ventilating system 151
Drill, midget 400
Ducks fed from planes 427
Electrifying the airplane *198
Elk census taken by plane 427

Employees:
First striek on airline 143
Safetv problems in the aircraft factory. 59

Engines:
American engine specfications 52, 315
Combating ice formation with heat W. C. Clay *353
Commercial engine production and sales 118
Connecting rod balance *246
Continental B-670 ..... *158
Continental R-670 ..... 192, *208
Curtiss Conqueror *395
Engines mount of the Pilgrim *98
Ford Freighter—radiator mounting .. *97
Gar Wood's engine for aircraft 263
Guiberson diesel engine *195
How many engines for transport design. F. T. Courtney 337
Hydraulic throttle control *479
Kinner R-5 ..... *208
Lycoming R-860 ..... *208
Magnetic plug *397
Maintenance standards for design (table) 76
Piston rings 202
Power plants. C. F. Taylor 5
Pratt & Whitney Wasps 192
Ranger V-770 ..... *158
Replacement engines in servicing 446
Shielded spark plugs 202
Shielding for spark plugs *397
Synchronization of propeller speeds by visualizing *350
Szekely engine parts 322
Twin Wasp Junior *241
Warner seven-cylinder *208
Wright Cyclone *424

Exhibitions:
Berlin has an air show 454
Comparative statistics of the Detroit shows, 1929-1932 210
Detroit exhibitors 173
Detroit show (F) *203
Detroit show in prospect (F) *155
Do we want a show? (ed) 450
Reflections on visit to Detroit (ed). 228

Exports:
Aeronautical exports 129
Where the exports go. F. W. Barker (table) *438
Express. See Freight.

F

Factories and Plants:
Airplane plants from the air *466
Safety problems in the aircraft factory 59
Federal Budget and aviation *7
Filter for gasoline *397

Finance:
Dividing up the airline dollar 348
Federal Budget and aviation *7
Monthly reports 30, 146, 191, 233, 276, 309, 365, 391, 422, 455, 486
Movements of stock and prices 116
Record of representative aeronautical companies 117
Rumor, swift and evil tongued (ed). 305
Subsidizing the short feeder line. G. K. Berry 253
Fire extinguishers on truck *429
Fire fought by chemicals sprayed from planes 427
Fire in dope room 478

Fire Prevention:
Shops of repair depot emphasize fire prevention 45

Fire Protection:
Exposition hangar at Detroit protected from fire. P. A. Fellows *227
Fire house on the field 319

Flights and Records:
Flying boats to French Frigate Shoals (ed) 481
G. F. Unwins altitude record in Vickers Vespa *489
Monthly news 29, 193, 231, 273, 307, 363, 364, 389, 419, 452, 483
Record flights (ed) 5

Flying Boats:
Blackburn Iris *18
Blackburn Sydney *18
Boeing Totem *93
Coast Guard air cruiser *394
Consolidated CPY-L *413
Douglas PD-L patrol boat *412
F-5L patrol boat *411
Fairchild on Edo floats *424
Flying men o'war. Oliver Stewart *18
Hall XPH-1 ..... *413
HS21 patrol boat *411
Martin *18
Martin XP2M-1 ..... *413
NC patrol *411
PN-9 patrol boat *412
Short Singapore II *18
Supermarine Southampton *18
Wright Cyclone *18
Fog flying *349
Foreign subsidies and appropriations 136

Freight:
Air express and the movies 493
Czech food industries aided by planes 493
Express and mail traffic—Foreign and U. S. 138
Food for miners 427
For Freighter *222
Fresh fish flown to Fresno market ... 94
Fundamentals of future air express development. M. C. Abrams 56
Lobsters as freight 427
Monthly reports 33, 302, 485
Plane shipments speed mail order goods *243
Trucking company depends on plane. 283
Unified air express service. M. C. Abrams 287
What way, air transport? E. P. Warner 340

Fuel:
Gas tax 115
Removing water from gasoline *13
Safety gasoline filler cap *430
Tank installation in Fleet trainer .. *97

G

Gliders:
Gliding and the F.A.I. 307
Gliding and soaring (ed) 6
Monthly report 390
National Soaring Contest 364
Philadelphia school uses 44
Soaring turns a new leaf (ed) 387
Gyroplane, Wilford *195, *424

H

Hangars:
Dycer's individual hangars successful 40
Easton Air Transport's Atlanta repair depot *408
Exposition hangar at Detroit protected from fire. P. A. Fellows *227
Heating unit for hangar 46
Used for shows and conventions 197
Heating unit for clothes *202

East Eng.

I

Ice:
Combating ice formation with heat. W. C. Clay *353
De-icer experiments *398

Instruments:
Blind flying *349
Clinometer for measuring the clouds. *184
Electric tachometer 100
Eliminating fluctuations from climb indicators 96
Extensometer *430
Gage, tank 430
Moto Vita on the instrument board... *44
Recording tachometer 491
Sperry horizon 366a
Standardized navigation panel unit... *491
Thermometer for aircraft *154
Vacuum pump *366a

Insurance:
Restrictions removed on sport flying.. 308
Statistics on mortality of pilots and passengers 309

L

Landing Fields:
Markings on apron aid terminal routine *398
Status of airports and landing fields by states 109

Landing Gear:
Aeronca oleo gear *207
Bellanca Pacemaker *207
Ben Howard's wheels *402
Cessna's wheels *402
Curtiss Akron Fighter *207
Keith Ryder's gear *402
Pitcairn autogiro *207
Semi-air wheels for transports..... 322
Skiis, detachable *154
Stearman tail wheel *396
Thousand landings on one tail skid.. *69

Landing Speeds:
Consider the passenger. Frank Courtney *10

Law and Legislation:
Aviation before Congress 236, 277
Governmental regulation and private airplane construction. Les Long (L) 318
Legal decisions—monthly reports..31, 86, 142, 191, 235, 276, 364
Legal steps in Canada 87, 234
Licenses to fly and gas tax..... 115
Ohio simplifies avigation (ed) 388
Progress of aviation low. G. W. Lupton, Jr. pt. 1 463
Law and legislation. See also Regulations.

Licenses:
Classification of licensed aircraft by location, type, capacity and make 122
How many licenses to fly? 115

Lights and Lighting:
Airport lights *218
Illuminated air map shows mail progress *459
Landing light 154
Light guns for traffic control 99
Light relay *202
M.G. sets for beacons 462
Port Columbus has new type of runway lights 40
Portable beacon for the Army..... *322
Portable light *322
Position light 430
Shadow bar to help see landing surface *150

Load:
How many engines for transport design. F. T. Courtney *337
S.A.E.'s design session—load factors on airplanes 219
Wing loading, power loading and high speed (two charts) 260
Locomotive for the Akron..... *78
Loudspeaker, aluminum horn 46

M

Maintenance. See Service and maintenance.

Management:
Where is the executive? L. N. Brutus (L) 428
Where is the executive? J. B. Taylor. *295

Manufacturing:
Aviation platform (ed)....82, 140, 185

Maps:
Airline radio position map..... *43
Illuminated air map shows mail progress *459
Mast, mooring, for Akron *453

Merchandising:
Fly customers to plant to help sales program 44
Flying dress salesman in Alaska..... 493
Growing wings on the business man. J. W. Rockefeller, Jr..... 467
New activities, new income (ed)..... 482
Petroleum industry and aviation. W. W. White *60

Service and Maintenance:
Amphibion maintenance. Burt Benton *65
Battery "barrow" and a tail dolly.. *244
Beaching buggy *282
Blackboard engine log chart..... *199
Bolt cutter *202
Carboy tilter 46
Chuck for ring grinding 96
Cleaning up shop 321
Concentrating maintenance for efficiency (T.&W.A's Kansas City base). S. P. Johnston..... *378
Controlling costs by planing (Eastern Air Transport) *408
Convertible unit for small woodworking *244
Coupling, vibration-proof tube..... *46
Cranes for handling engines..... *429
Cylinder grinding jig *461
Cylinder head heater 321
Dope room ventilating system..... 151
Drydocks for airliners. S. P. Johnston. *254
Effect of airplane type 256
Electric screw driver *246
Emergency hoist for engine removals. *151
Engine heater *282
Engine overhaul 256
Engine transfer buggy *461
Filing machine *100
Final check *22
Flexible hose 154
Hone, automatic 100
Jig of structural steel *199
Machine tender *286
Maintaining aircraft in the Southwest (American Airway) (F) *444
Maintenance costs and profits (ed)... 230
Maintenance standards for design (table) 25, 76
Maintenance yardstick for the designer. R. G. Lockwood *23, *77
Metal cutting band saw 286
Oil can dolly *282
One-man tail skid dolly..... *151
Pan American System — maintenance department (F) *297
Portable air tank *321
Portable cleaning outfit..... *45
Portable hydraulic hoist *199
Portable tool kit and work bench.... *244
Power distribution board..... *282
Propeller servicing trucks..... *461

*Illustrated; (ed) Editorial; (F) Feature article; (L) Letter

Re-threading dies 494
Replacement engines in servicing..... 446
Roller skates for messenger 321
Safety blocking for wheels.....*321
Safety handles for wheel chocks.... 151
Safety signal 282
S.A.E. meeting discusses maintenance from point of view of operator and the manufacturer 267
Schedule board for shop personnel..*151
Servicing platform *96
Shipboard serving of navy planes...*429
Shop layout 255
Skiis for salvaging *45
Small equipment in the shop 244
Solder, aluminum 46
Spark plug testing apparatus 151
Tracking down maintenance expenses. L. H. Dwerlkotte (Western Air Express) (F) *257
Transport servicing for the private flyers. S. P. Johnston (Thompson Aeronautical Corp.) *476
United Air Line's operations at Cheyenne and Chicago. S. P. Johnston (F) *332
Utility tools for the small shop 45
Vacuum pump, portable.....*321
Valve spring testing machine..... 96
Wheel jack *96
Wrench set 430
X-ray to check condition of structure of airplanes 75
Shock strut 462

Shows:
Shows, meetings, tours—monthly reports 33, 235, 483
